- We are live since midnight with the new data on the arms industry!!! CONGRATULATIONS to the MILAP team and the Outreach colleagues and thanks to extra help from Barbara on Swedish TV4 this morning and Katarina on the large German TV station RTL. Great global moment again for SIPRI.
- For social media, remember to tell the Outreach team what events are happening in your field this week and next so that we can promote your work in a timely context!
- And with more people leaving X (previously twitter), SIPRI is building up our followers on BlueSky currently. Join in as well.

Operations

Finance:

- Sipri's bank is considering our need of a short credit. They are awaiting our Budget 2025 and a forecast for 2024 and will raise our request in their credit committee, before the Holidays. We sense a positive will but of course the numbers decide. They are proud to have Sipri as a customer.
- Work is ongoing - together with PMO and GAD - to change the settings in Maconomy to better align with our needs for reports and income statement 2025 and budget 2025.
- We are preparing for the Annual Report 2024. This Friday we sent information with all the dates important for finalizing the closure of the books. Please don't hesitate to reach out to Operations in case you have any questions.
